

# YEAR 7 SPA SHOWCASE - 2026

# SYNOPSIS

**House of Villains** is the Year 7 Specialist Performing Arts Showcase, celebrating a year of learning, creativity and performance across Drama, Dance, Music, and SPA. Inspired by the captivating world of Disney Villains, students have explored what makes a great antagonist, drawing on themes of power, ambition, mischief and mystery to create original works for the stage.

Throughout the year, students have collaborated to devise dramatic scenes, choreograph dances, develop vocal performances and refine their stagecraft skills. The result is a collection of engaging small-group performances that showcase their growth as performers, creators and ensemble members. From wicked schemes and magical mayhem to larger-than-life characters and unforgettable stories, House of Villains invites audiences into a world where the villains take centre stage. This entertaining and imaginative production highlights the talent, dedication and creativity of our Year 7 Specialist Performing Arts students as they bring their unique interpretations of these iconic characters to life.
