Oscar - Tahlia Maxwell & Jesselle Birch

Classroom Rules

Just wanted to say a massive thank –you to all of the students who have worked on this show. It's been great fun and the cast have always brought plenty of energy and enthusiasm.

I've chosen this play because the characters are great fun to play and the students have been able to add their own finishing touches to make the characters their own. We deliberately have 2 casts to enable everyone to have a part but also to teach the students backstage roles. On their off nights the students are running lights and sound, stage management and crew, and Front of House – the entire performance is run by the students. The students were also responsible for the set design and construction, and the costume design set in the 1970's. This is pretty unique for high school students and something we pride ourselves on at WSC SPA.

I want to thank the SPA staff for everything they do to help these wonderful SPA students flourish and finally thanks to you – our SPA community, for your support and dedication to this amazing program – we couldn't do it without you.

Thanks Matt Bell
